

Molenaer Acrylics

February 2021

Acrylic paint is multifunctional

Vary without end:

- Art on canvas
- Wall paintings
- Pimp your furniture

What does acrylic paint mean?

- Consists of pigments, binders, fillers and water.
- Water evaporates , leaving a plastic film
- Can be used directly from the tube
- Can be diluted with water
- Colours can be mixed using primary colours, adding black or white when needed, to create the shade you want

Why are acrylics that popular?

- Short drying time
- Favourable price
- Suitable for various techniques and for creating structures and depth
- Can be used on many (clean/grease free) surfaces
- Can be applied in multi layers
- Can be easily mixed with acrylic mediums
