# Welcome to Tarifold

## A STRONG BRAND, QUALITY PRODUCTS, GUARANTEED PERFORMANCES.

The right information at the right moment for the right decisions: this is the original spirit of Tarifold. After 70 years, the French brand has become a widely acclaimed reference for solutions in visual communication and workplace organisation.

Tarifold is the inventor of the display system, a widely use document referencing tool that helps people to get organized in their everyday work: discover our brand-new and patented PRO wall unit system will set new standards in document management.

Tarifold also stands for signage best-sellers like the KANG or MAGNETO pockets, but also pioneering products like the T-Clip mounting system and the fresh Color Dream range of filing products.

Last but not least, our newly launched identification range will surprise you with smart ideas and colorful products. Throughout our assortment, we thrive for the same goal: offer great products to make people and companies everyday work easier and more efficient.

Certified ISO 9001  
and 14001 since 2005.

## TARIFOLD, A COMPANY COMMITTED AT REGIONAL LEVEL

Tarifold is a French company but also an Alsatian company. Based in Geispolsheim since its creation in 1950, has always endeavored to maintain and develop the production of its products in Alsace.

Proud to belong to this region, Tarifold is, as of 2018, partner of the "Alsace brand". The values conveyed by the "Alsace brand" are in line with those of our company: openness to the world thanks to our international presence, innovation and constant improvement of our products, pleasure to use our products both practical and aesthetic ...

## AT SOCIAL AND SOCIETAL LEVELS

Since 2008, Tarifold is proud of being one of the first French SME patrons of the Pasteur Institute. We support a research project on autism conducted by Prof. Bourgeron and his team.

In addition, we participate yearly in Pasteurdon, a big event in support of the Pasteur Institute. Tarifold also organizes awareness conferences with the Pasteur Institute.

# Welcome to 3L Office Products

## 3L OFFICE PRODUCTS: FOR A BETTER ORGANIZATION AT OFFICE AND HOME!

Quality, innovation and sustainability are all key components of the 3L brand which is widely recognised and respected as one of the leading office products manufacturers in Europe.

- Store your documents without damaging them?
- Protect them from dust, dirt, grease, stains and moisture?
- Categorise, index and annotate all important information?
- Identify your luggage, display the date of a meeting?

Thousands of possibilities offered by 3L Office products.

3L Office Products A/S is an international production company based in Denmark. We've been designing, producing and distributing high-quality office products since 1969. Today, 3L products are sold in more than 50 countries around the world.

## 3L OFFICE PRODUCTS, AN INNOVATIVE AND PROACTIVE COMPANY...

Our modern headquarters and production facilities are all on one site.

With R&D, manufacturing, sales and marketing located under one roof, we're able to respond rapidly to the needs of our customers, wherever they are in the world.

Our growing product range consists of over 250 items, the vast majority of which are designed and manufactured in Denmark, where innovative design, functionality and attention to detail are highly valued.

## ...AND ENVIRONMENTALLY RESPONSIBLE

3L Office Products is an ISO 9001 and ISO 14001 certified company. Our competent employees work to value adding procedures designed to optimise and standardise quality and service levels.

The company offers products that are all manufactured according to REACH regulations and which do not contain any component of the SVHC list.

95% of our products are manufactured using environmentally responsible PP and PET, instead of PVC. Our adhesives are solvent free and pH neutral. All our products are quality controlled in our laboratory to ensure a consistency of quality that meets our own stringent production requirements.

We are reducing our packaging needs. Where possible, we use only FSC paper and recycled packaging material. All our paper and cardboard are recycled.

# PRO WALL KIT

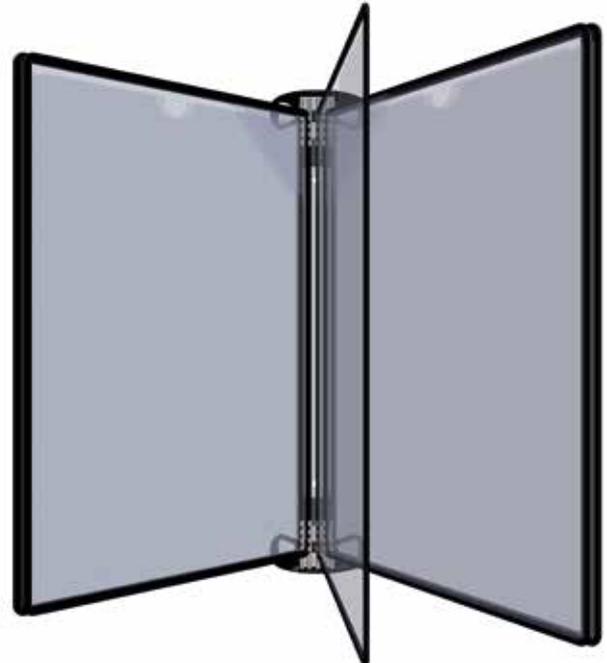

### Patented Magnet system: instant pocket mounting!

A new system perfectly adapted to TQM, 5S, KAIZEN and generally speaking all LEAN management purposes.

#### PRODUCT ADVANTAGES

- > Perfectly suited for frequent uses, pockets can be mounted, removed and switched in the blink of an eye.
- > High-quality and long-lasting.
- > Easy load function: wide corner opening for easy document insertion (PP pockets).
- > Time saving: pockets mount 4 times faster, thanks to strong Neodyme magnets.
- > Protects frequently used documents against dust, spills, wear and tear.
- > Steel wire reinforced frames, metallic pivots and thick, orange-peel, transfer-safe transparent foil (PP or PVC).
- > Polypropylene foil: 98% recyclability (specialized recycling channels).
- > Corrosion-free and heat resistant aluminum bracket (anodized) recyclability 100% (specialized recycling channels).

## PRODUCT DESCRIPTION

- > Wall display system with magnetic pocket mounting. With 10 or 5 PP or PVC pockets.

### MATERIAL:

- > 170 µ transparent polypropylene foil or 120 µ crystal PVC foil (REACH conform).
- > Bracket: aluminum anodized.
- > Magnets: Neodymium magnet, strength 0.9 kg/cm<sup>2</sup>.
- > Caps: shock resistant PA6 polyamide material.

### TECHNICAL SPECS:

- > Holds up to 20 A4 documents.
- > Other pocket colors available on request.
- > Mounts on all 8 and 10 mm slit aluminum profiles with T-Clip (sold separately).
- > Mounts with standard screws on walls (4.5 mm holes), not included.
- > Magnetic mounting, 45mm self-adhesive strip (included).

# METAL WALL KIT

### For quick and easy access to information.

#### Versatile - It makes vital information visible, where it's needed!

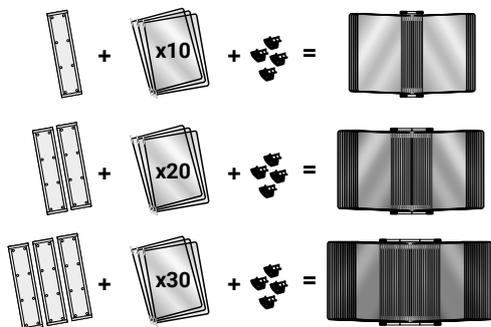

Limitlessly extendable by simply coupling items side by side, extremely sturdy and easy to mount, the metal wall unit is essential for efficiently communicating important information.

#### PRODUCT ADVANTAGES

- > Steel wire reinforced pivoting pockets, exclusively by Tarifold.
- > Spacer included (offers an ideal reading angle).
- > Easy and fast care: the PVC pockets are easily washable for an irreproachable hygiene.

#### PRODUCT DESCRIPTION

- > 1 wall unit in light grey metal with 4 side stops to hold the pockets.
- > 10 PVC rotating pockets, metal pivots.
- > 5 clip-on index tabs (neutral/color inserts) for 10 pockets.
- > Bag of screws/wall plugs.
- > Infinitely extendable by simply coupling items side by side. It adapts to the volume of documentation.

# MAGNETIC WALL KIT

### Can be mounted just about anywhere.

**Our magnetic wall unit mounts to all metal surfaces in an instant and without tools.**

Designed in ultra-solid, shock resistant metal. This display system is particularly useful for factory displays, on machines, metal walls... and allows information to be provided wherever it is necessary.

#### PRODUCT ADVANTAGES

- > Ultra-resistant metal, notably to shocks.
- > A unit that can be mounted and moved easily.

#### PRODUCT DESCRIPTION

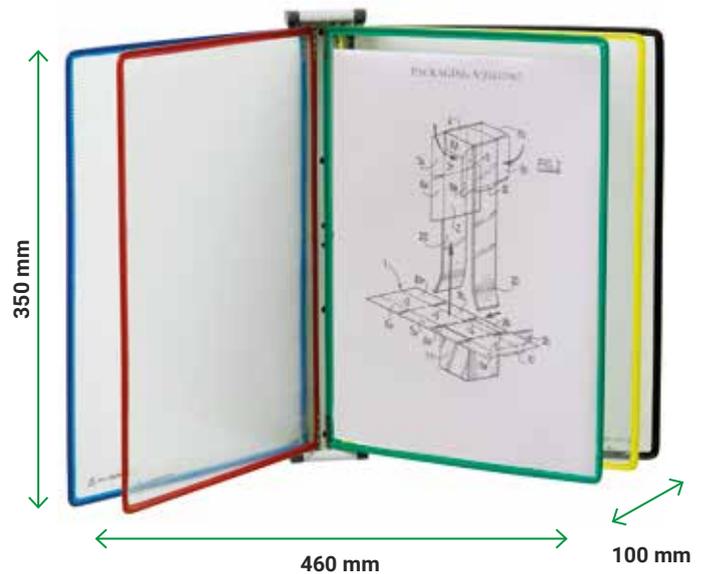

##### A4 MAGNETIC WALL KIT

- > 1 grey metal wall unit, magnetic back.
- > Magnet resistance: 17.5 N.
- > 5 or 10 PVC A4 pivoting pockets.
- > Side stops for optimal hold of pockets.
- > 5 clip-on index tabs included (10 pockets only)
- > Infinitely extendable by simple coupling items.

#### PRODUCT DESCRIPTION

##### A3 MAGNETIC WALL KIT

- > 2 very strong 30 mm large and 45 cm long magnetic bands at the back of the unit.
- > 10 pivoting A3 PVC pockets.
- > Side stops for optimal maintenance of pockets.
- > 5 clip-on index tabs included.
- > Infinitely extendable by simple coupling items.

# STERIFOLD ANTIBACTERIAL WALL KIT

## Spread information, not germs!

**Sterifold is specially designed to avoid microbial contamination.**

On documents handled by numerous users, microbes, germs and bacteria can reproduce, transmit and possibly cause contagious diseases. Thanks to an exclusive technology, the silver ions included in Sterifold pockets deter microbial growth by eliminating micro-organisms presenting a health risk.\*

### PRODUCT ADVANTAGES

- > Stops germs and bacteria in under 2h.
- > The only pocket designed to present and organise paper information in places where the proliferation of bacteria presents a risk.
- > Especially suitable for environments at high risk of microbial proliferation (medical and paramedical, pharmaceutical industry, restaurants...).

### PRODUCT DESCRIPTION

- > 1 light grey wall unit.
- > 4 side stops for optimal hold of pockets.
- > 10 PVC Sterifold antibacterial pivoting pockets with metal pivots.
- > Available with white or black pockets.
- > 5 clip-on index tabs (neutral/color inserts).
- > Infinitely extendable by simply assembling units side-by-side.

\* Laboratory tested / Scientific documents available on request

# STERIFOLD STAINLESS STEEL ANTIBACTERIAL WALL KIT

### Sterifold stainless steel kits are perfectly adapted to places where hygiene is a must!

Prefer them to your standard kits on appearance of even the lowest risk of microbial proliferation. The Sterifold pocket is the only one to allow paper information to be provided and organised while putting a halt to germs and bacteria.

#### PRODUCT ADVANTAGES

- > The kits are especially adapted to work environments subject to HACCP hygiene standards, together with damp environments or those subject to water contamination.
- > The first system boasting 100% hygiene combining the recognised characteristics of stainless steel and silver ion-treated anti-microbial PVC.
- > Pockets are opened on the inner side (side with pivots) to avoid water infiltration.

#### PRODUCT DESCRIPTION

- > Stainless steel wall unit equipped with 10 PVC Sterifold antibacterial pivoting pockets.
- > Stainless steel pivots.
- > Available with white or black pockets.
- > 5 clip-on index tabs (neutral/color inserts).
- > Includes bracket to hold pockets.
- > Infinitely extendable by simply assembling units side-by-side.

# STERIFOLD ANTIBACTERIAL DESK KIT

## Spread information, not germs!

**Sterifold is specially designed to combat microbial contamination.**

On documents handled by numerous users, microbes, germs and bacteria can reproduce, transmit and possibly cause contagious diseases. Thanks to an exclusive technology, the silver ions included in Sterifold pockets deter microbial growth by eliminating micro-organisms presenting a health risk.\*

### PRODUCT ADVANTAGES

- > Anti-bacterial efficacy proven and EPA and FDA certified for the USA, in compliance with European directive 98/88/EC governing biocidal products.

### PRODUCT DESCRIPTION

- > 1 light grey desk stand.
- > 4 side stops for optimal hold of pockets.
- > 10 PVC Sterifold antibacterial pivoting pockets with metal pivots.
- > Available with white or black pockets.
- > 5 clip-on index tabs (neutral/color inserts).
- > Base can also be fixed to wall.
- > Extendable from 10 to 30 pockets by coupling wall units (Art. 41450X) side-by-side on base.

\* Laboratory tested / Scientific documents available on request

## Accessories for workstations - T-Clip System

# T-CLIP MOUNTER

### Instant mounting for all brands of aluminum profiles.

The T-Clip is composed of an insert and a key that allow you to fix standard elements or Tarifold Pro accessories on most brands of aluminum profiles with 8 or 10 mm grooves.

The insert is inserted through the accessory and into the groove of the profile and the key is then pushed into the insert to lock the accessory into position on the profile.

#### PRODUCT ADVANTAGES

- > Quick and easy: allows you to fix elements on aluminum profiles in the blink of an eye. No tools needed!
- > Flexible applications: can be used with all T-Pro accessories (document holders, cable holders, magnetic holders, hook, presentation systems) or with standard elements available to the user (power switches, electrical raceways, etc.) into which a 15mm diameter hole needs to be drilled in order to insert the T-Clip.
- > Universal: can be used on most brands of aluminum profiles including Apore, Bosch Rexroth, Elcom ITEM, Flexlink, Hepco, Kanya, MayTec, Minitec, Misumi, MK, Modular, Norcan, etc.
- > Packaged in an easy to open dispenser box for easy storage and access to product.

#### PRODUCT DESCRIPTION

##### MATERIAL:

- > Key: Polypropylene copolymer 100% recyclable (specific channels).
- > Insert: Estane TPU 98 shores 100% recyclable (specific channels).

# CABLE HOLDERS

### Neat and easy cable organization.

Thanks to its two bases, the cable holder makes it possible to run two parallel cables along the aluminum profiles.

Cable holder can be mounted using a T-Clip anywhere on most T-slot aluminum profiles

#### PRODUCT ADVANTAGES

- > Has anti-rotation function.
- > No need to wrap cables around profiles anymore to hold cables in place.
- > All kinds of cables can be guided and organized along aluminum profile structures such as work stations, machine frames, quality control posts, etc.
- > Cables can be fixed on aluminum profiles even in between walls.
- > Packaged in front-opening dispensing box for a better stock management and accessibility.

#### PRODUCT DESCRIPTION

- > Made of Polyamide (PA6).
- > 99,7% recyclable (specialized channels).
- > To be fixed with T-Clip instant mounting clip (Art. 920201/920202/920203).

## Accessories for workstations - T-Clip System

# DOCUMENT HOLDERS

### Smart document presentation.

The document holder with 2 prongs allows you to clip 1 to 5 documents and make them easily accessible for consultation and annotation.

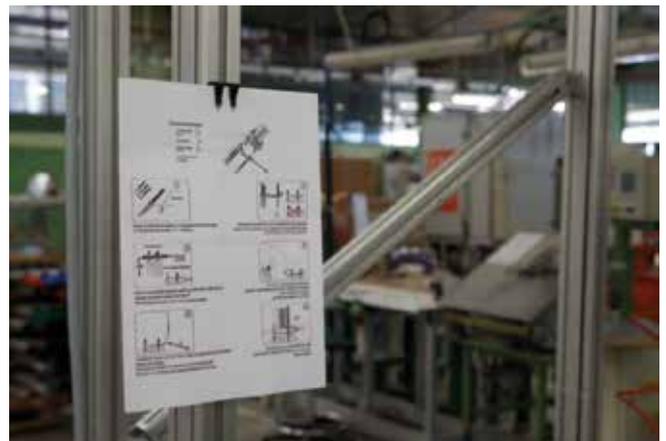

The document holder can be mounted using a T-Clip anywhere on most T-slot aluminum profiles

#### PRODUCT ADVANTAGES

- > Has anti-rotation function.
- > T-clip allows mounting wherever needed on all aluminum profiles (work posts, machine cArt. ers, quality stations...).
- > Easy document access and handling thanks to curved out prongs on holder.
- > Packaged in front-opening dispensing box for better stock management and accessibility.

#### PRODUCT DESCRIPTION

- > Made of Polyoxymethylene (POM).
- > 99,6 % recyclable (specialized channels).
- > Holds 1 to 5 standard (80 g) paper sheets.
- > To be fixed with T-Clip instant mounting clip (Art. 920201/920202/920203).

## Self-lamination

# SELF-LAMINATING CARDS 3L KIDS

### Keep all your children's creations safe!

The ideal solution for fast and easy laminating, without the risk of discoloration over time and without using a laminating machine.

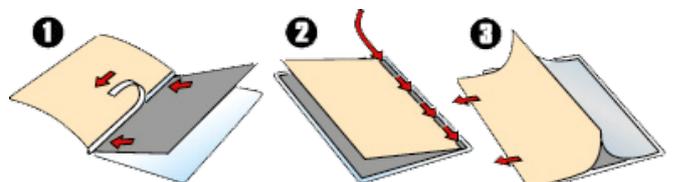

#### PRODUCT ADVANTAGES

- > Made from environmentally friendly PP and PET.
- > Extends the life of all kinds of documents, especially those which are subject to frequent handling.
- > Allows you to protect and enhance your documents at low cost: placemats, posters, signs, schedules, calendars... etc..
- > Easy to use with all paper types.
- > Makes it possible to laminate all kinds of collages, even with thick materials: cotton, feathers, stickers, wool... etc.

#### PRODUCT DESCRIPTION

- > Self-sealing lamination product using long life adhesive selected for its archival application.
- > Available in A5, A4, A3 and photo size.
- > Made of rigid PET foil combined with self-adhesive PP foil.

Format	Color	Art.	Product size	Quantity per unit
Photo		115900	162 x 112 mm	x5

# IDENTIFICATION POCKETS

## For a safe, visible and durable identification

This identification pocket is perfectly adapted to TQM, 5S, KAIZEN and generally speaking all LEAN management purposes.

### PRODUCT ADVANTAGES

- > High-impact ISO standards colors for a color coded organization.
- > Waterproof fastening located at the bottom of the pocket for better drip-off.
- > One single hanger fits all sizes.
- > PVC is without phtalates and REACH compliant.
- > For information to be displayed on container bins, crates and box pallets.
- > Perforations allow for multiple hanging possibilities: hanger, pins and tacks, clamp ring, cable tie, cord, etc.
- > In outdoor or difficult conditions, document is sealed away and is protected against dust, dirt, and water.

### PRODUCT DESCRIPTION

- > Thick PVC identification pockets.
- > Front cover is transparent anti-glare PVC.
- > 3 perforations for hanging accessories.
- > Available in A5 and A4 formats, portrait and landscape.
- > Available in crystal or color versions: blue, red, yellow and green.
- > Opening on the top.
- > Hangers supplied separately (Art. 165990).

#### PRODUCT ADVANTAGES

- > Optimal visibility thanks to high impact colors.
- > ISO standard colors help color code different areas and mark out safety zones.
- > Effective, fast, and easy application compared to painted floor markings.
- > Excellent quality/price ratio.
- > Washable : water and cleaning products resistant.
- > Perfect for marking work areas, aisles, walkways, emergency exits,...
- > Perfectly suited for all LEAN management purposes.

#### PRODUCT DESCRIPTION

- > Strong 150 µ vinyl marking tape.
- > 50 mm wide tape available in rolls of 33 m.
- > Available in 5 standard colors: blue, red, yellow, green and white.
- > Also available in 3 safety hazard color combinations: yellow/black, green/white, red/white.

## Adhesive signage tapes

# EXPERTAPE ROLLS

### High performance marking and hazard tape.

Perfect for marking storage areas, facility's aisles, walkways, emergency exits,...

#### PRODUCT ADVANTAGES

- > Optimal visibility thanks to high impact colors.
- > ISO standard colors help color code different areas and mark out zones.
- > Effective, fast, and easy application compared to painted floor markings.
- > Resilient wear-resistant PVC that withstands pedestrian traffic.
- > Good thickness/quality ratio (350µ) can withstand easy traffic of stackers and other handling machines.
- > Washable : water and cleaning products resistant.
- > Especially made for indoor floor marking of warehouses, factories, worksops, to mark out loading zones, aisles, pathways, etc.
- > Perfectly suited for all LEAN management purposes.

#### PRODUCT DESCRIPTION

- > High resistance 350 µ vinyl expert marking tape.
- > Super strength glue tape.
- > 50 mm wide tape available in rolls of 48 m.
- > Available in 5 standard colors: blue, red, yellow, green and white.

Color	Art.	Product size	Quantity per unit
Yellow	197784	↑ 55 mm x 48 m ↓	x1
Blue	197781		x1
	197782		x1
Red	197783		x1
Green	197785		x1

## Floor marking symbols

# FLOOR MARKING SYMBOLS

Perfectly suited for all LEAN management purposes.

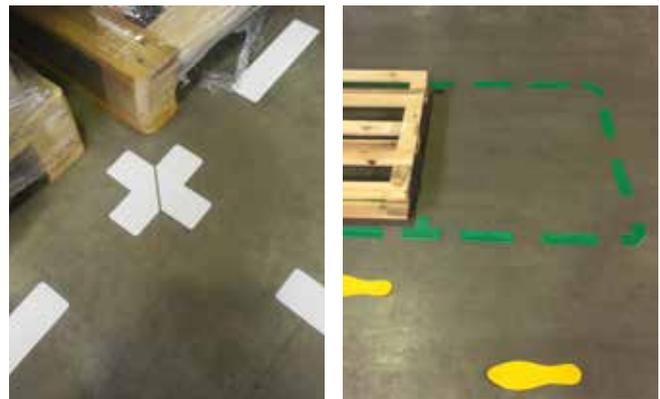

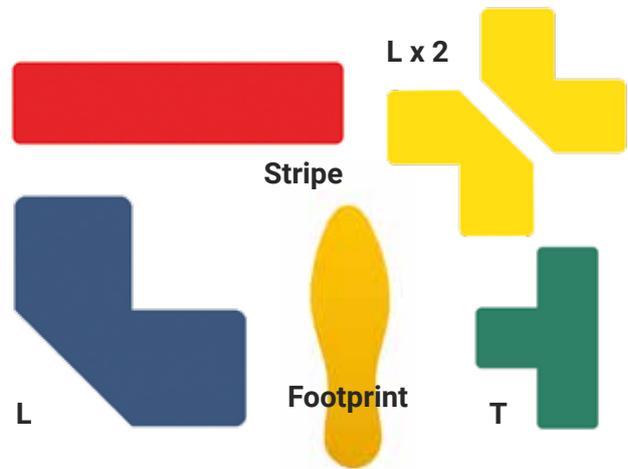

Especially made for a safe, visible and durable indoor floor marking.

### PRODUCT ADVANTAGES

- > Highly visible ISO standard colors help color code different areas.
- > Assemble 2 "L" shapes to obtain a 5th "cross" shape.
- > Effective, fast, and easy application compared to painted floor markings.
- > Resilient wear-resistant PVC that withstands pedestrian traffic.
- > Can withstand easy traffic of stackers and other handling machines.
- > Washable : water and cleaning products resistant.
- > A perfect tool to help mark warehouses, factories, pathways, workshops, etc.
- > Compatible with all LEAN management processes.

### PRODUCT DESCRIPTION

- > High resistance 350 µ vinyl expert marking symbols.
- > Super strength glue tape.
- > Available in 5 standard colors: blue, red, yellow, green and white.

# Custom Made and Made-to-measure

**A branded product is an effective and powerful image vector.**

All our know-how is at your disposal to offer you **innovative and creative solutions** that will meet your needs precisely.

We offer a customization service (existing standard products bearing your design). Thanks to a powerful printing tool, you just need to send us your creation, and we take care of the rest!

Our business expertise also allows the design and manufacture of customized products. Our engineering service is at your disposal to find solutions with the best possible value for money.

Discover our possibilities below and contact us at the following address. Let's imagine your product together:  
**customized@t3lgroup.com**

## Custom made products

# FRAMES AND FRAME DISPLAY POCKETS

### Enhance your corporate image by creating your exclusive design!

Now our frames and frame display pockets can be personalized with your own design. High quality print, in our Danish factory.

#### PRODUCT DESCRIPTION

**TYPE:** Magnetic frame display pockets, Self-adhesive frame display pockets with double-sided print or Magnetic display frames.

**FORMATS:** A3/A4/A6/US.

**DESIGN:** 4 colors, digital print. Custom made (see ordering procedure below).

**MINIMUM QUANTITY:** 50 Pieces per model (1 type / 1 format / 1 design).

**CORNER SHAPE:** Round (Tarifold standard 15° radius) or square.

#### ORDER PROCESS

- 1 Tarifold sends customers a template.
- 2 Customer creates design and returns the file to Tarifold.
- 3 Tarifold approves the file.
- 4 Order is included in production planning. Tarifold will confirm the best possible delivery date.

**CONTACT US:** [customized@t3lgroup.com](mailto:customized@t3lgroup.com)

#### STEP 1: Select a product type

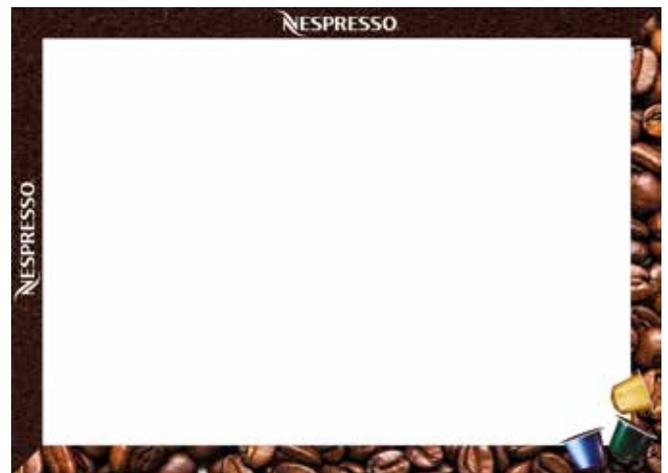

- > Magnetic display frames with 4 magnetic strips.
- > Self-adhesive frame display pockets with double-sided print.
- > Magnetic frame display pockets with a full magnetic back.

#### STEP 2: Create your design from our template

#### STEP 3: Design approval and order confirmation

Non-commercial designs

**Available sizes**  
A6, A4, A3, US

**Shape of frame corners**  
Square or rounded

**Frame color**  
(4 colors digital print)

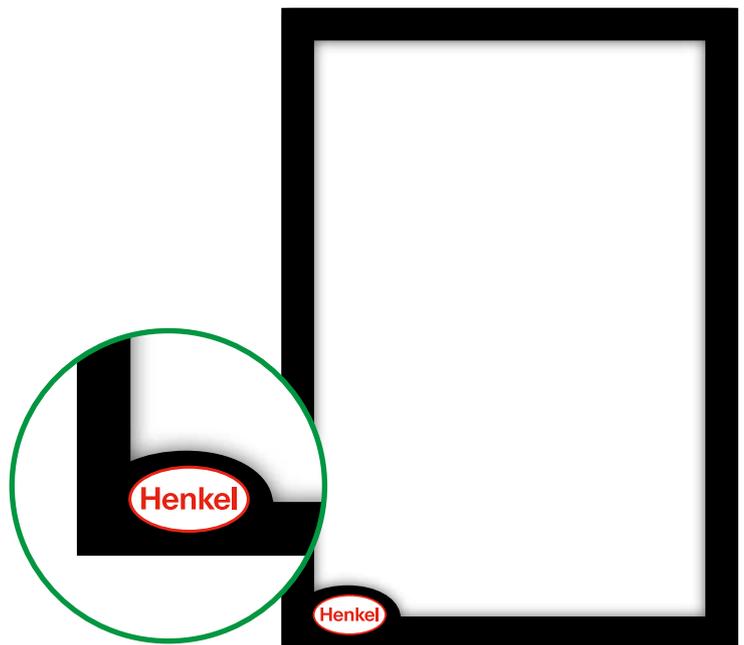

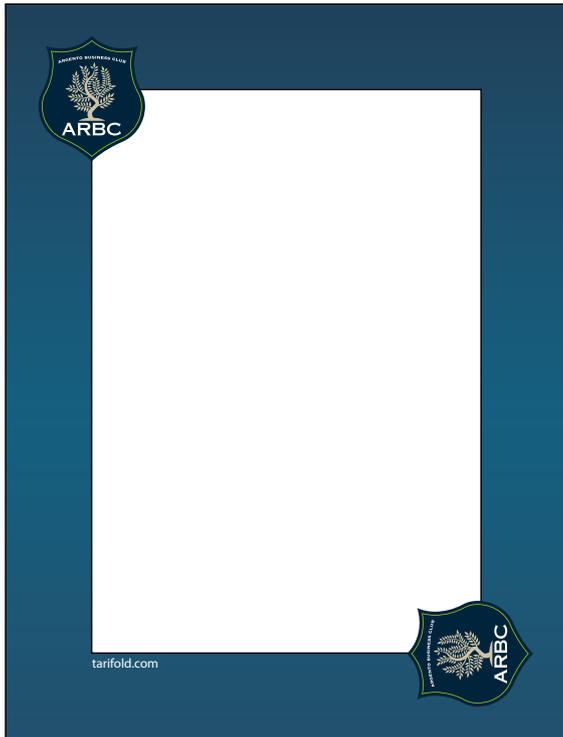

**Logo of your company**

Made-to-measure

# MADE TO MEASURE

For any needs or ideas, we have a solution adapted to your line of business!

## ATTENTIVE TO YOUR NEEDS

We have a lot of standard products, but you can have other needs. Our mission is mainly to manufacture made to measure and creative products in accordance with your ideas.

## INTERNAL PRODUCTION

In addition to our own design department, we have all the means of manufacturing needed to realize your projects in one of our sites in France or Denmark.

This allows us to respond quickly to your requests with reasonable prices and high quality.

**CONTACT US:** [customized@t3lgroup.com](mailto:customized@t3lgroup.com)

# ENVIRONMENTAL EVALUATION

## T3L: WORKING FOR A DEVELOPMENT THAT MEETS THE NEEDS OF TODAY... WITHOUT COMPROMISING THE FUTURE!

### Tarifold: a strong focus on economic and environmental matters

Tarifold SAS permanently strives to develop the ecological awareness of its employees through its committee for sustainable development (created in 2008).

Every year, events to raise the awareness of all staff to the respect and preservation of the planet are conducted, especially during the week of Sustainable Development:

- > "eco-gestures" workshops
- > carpooling sessions, "clean" driving training
- > internal communication campaigns
- > expert interventions (food, energy, housing ...)
- > creation of a biodiversity zone in the company

Recycling is promoted by the establishment of permanent terminals for the collection of corks, batteries and clothing.

Tarifold SAS is ISO 14001 and 9001 certified since 2005. The company is continuously reducing its energy consumption and develops products with a lower impact on the environment.

For example, our 100% recyclable and colorant-free filing products, or the TARIFOLD EASY LOAD presentation systems, whose pockets are made of 100% recyclable polypropylene.

### 3l office: pioneers of environmental-friendly materials

Thanks to innovation, and to the quality and reliability of its products, 3L Office has set itself a simple but ambitious goal: to be the most environmentally friendly office product brand!

95% of all 3L Office products are made from PP and PET, which are environmentally friendly materials. All the adhesives used are solvent-free and pH neutral. We use FSC label paper and recycled packaging materials as much as possible.

Thus, at 3L Office Products, all packaging cartons are recycled and all products are manufactured according to REACH regulations and do not contain any components of the SVHC list.

3L Office was the first brand to focus on PP and PET as key materials, because of their lower environmental impact.

Today, it is also the first brand to launch a line of biodegradable products is manufactured in PLA (polylactic acid), a material based on waste from the food industry (corn residues, potatoes, sugar cane , sugar beets ...).

You will find in the pages that follow a table summarizing the environmental indicators of the products in this catalog.

Do not hesitate to contact us for any questions.
