PS: Havo issues this statement in respect of Module A of Self certification of the EU framework on the marketing of products (2008/768). After a thorough assessment of raw materials, a safety assessment, technical documentation, internal production control (Havo is a certified ISO 9001 company) and conscious periodically testing of some products at authorized labs, we issue this statement.

Test reports:

- *may not always meet the actual standards as we only retest our products when legal changes are relevant,*
- *are only available when above mentioned criteria give reason to have certain EN 71-x tests to be performed,*
- *will in principle only be released to customers for special purposes forced by national laws (customs, local governmental agencies).*

NB: These products are not marketed / intended as toys, so the Toy Safety Directive and standards EN 71-x do not apply.

FSC and PCR claims are backed by external certificates, available upon request. Vegan and our own claim "98% natural ingredients" are not backed by external certificates as an external vegan certificate is preferably for food and requires an unrealistic investment.
